john.doe@gmail.com | linkedin.com/in/john | +91 94562123258

## Technical Skills

---

- **Languages:** Java, Python, JavaScript, C#, SQL etc.
- **Frameworks :** Spring and Spring boot, JPA, Hibernate, JDBC, React, Junit, Mockito, Kafka, Selenium, etc.
- **Databases:** MySQL, Postgresql, Sqlite, MongoDB etc.
- **Tools:** Git, Github, Bitbucket, Jenkins, Docker, Jira, Maven, Swagger etc.

## Work Experience

---

**Specials** | Trainee – QA | Automation

Jan 2024 - Present

- Developed an automation framework from scratch, including features for data generation, scraping, and a test suite for data comparison.
- Enhanced an existing automation framework by adding features, optimizing processes, and ensuring easy maintenance.
- Python, Selenium, Robot Framework, Paramiko, Requests, Pandas, OpenPyxl etc.

## Projects

---

**Code Editor** | React and Spring boot

- Developed the web-based code editor using React, Spring Boot and MongoDB.
- Learned to integrate React libraries for rapid UI development.
- Learned Spring Boot for RESTful API to establish communication between UI and database. Integrated JWT to user authentication.

**Uniform Report** | Python | Open Source

Available on PYPI: **pip install uniform-report**

<https://github.com/john/uniform-report>

- Uniform Report is a powerful tool designed to extract and visualize test suite data from Robot Framework's output.xml file.
- The report is generated as a comprehensive HTML document, offering a clear and detailed view of your test execution.

## Education

---

- **MBA** (Online Pursing) | DPU
- **B.E | 9.3 CGPA** | MU

May 2024

## Certifications

---

- **Master Spring Boot 3 & Spring Framework 6 with Java** | Udemy
- **Java DSA And System Design** | PW Skills
- **Core Java** | Coding Ninjas

## Achievements

---

- Secure 1st Rank in Eternia Fest for Web Designing in ICA college, Bandra
- Secure 1st Rank in BITS24 Fest for Code Fusion in A.V. College, Vasai
